**Sewing machines** will be provided by sponsor companies so you don't need to bring your own. A technical assistant from that company will be available to assist any students who are unfamiliar with that machine. **If you prefer to bring your own sewing machine**, you may, but please ensure it is well maintained and that you bring the instruction manual, tools and accessories.

To complete the project at home (not required for class) you will need:

- 1.7m aqua print for the outer borders
