

SINGER® momento™

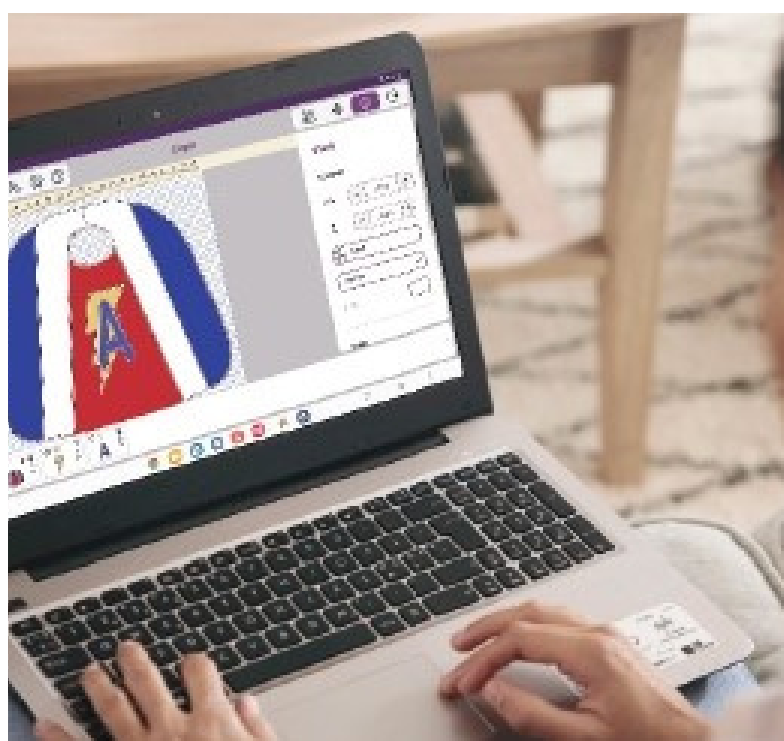

24" FABRIC & CRAFT CUTTING MACHINE

SINGER® MOMENTO™ has been designed with the user in mind and makes it easy to quickly cut fabric, paper, vinyl and more.

Enjoy more project space

With a cutting capacity of 24 inches wide, you can create large projects with ease.

Access hundreds of designs

Every purchase includes a free 30-day trial version of the mySewnet SILVER subscription which includes access to over 1000 designs and projects.

Spend less time cutting

In addition to the included Basic Blade and Housing, the machine also comes with a Rotary Blade and Housing which allows you to cut many different fabric types without pretreatment.

Create meaningful moments

A Cut Above the Rest

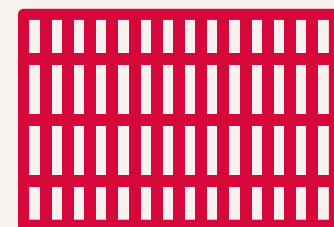

Precision and speed

SINGER® MOMENTO™ works quickly and seamlessly, even when you are working with intricate designs and fonts.

Extra large LCD screen

A built-in, full-colour LCD display clearly shows everything you need to cut, draw or emboss. With the five pre-set shapes, cutting your next quilting project has never been easier.

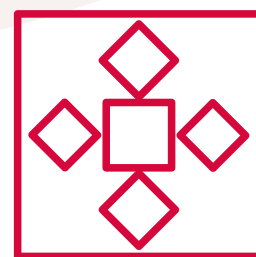

Matless cutting for selected materials

Work even faster with matless cutting for pre-backed materials including HTV & Permanent Vinyls.

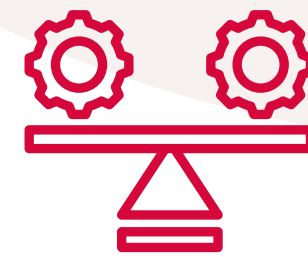

Includes rotary blade and housing

In addition to the included basic blade and housing, the machine also comes with a rotary blade and housing allowing you to cut fabrics without pretreatment.

Quilting features

The Singer Momento includes five pre-set quilting shapes and can cut over eighty 2 ½" quilt squares on a 24"x24" Fabric Cutting Mat.

Stability

A rear extension door provides extra support for larger projects.

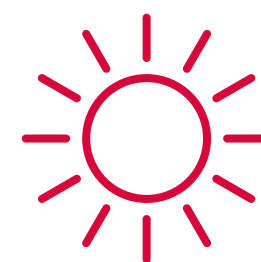

mySewnet Crafting Software

Download the mySewnet Crafting Software for free. Utilise this software to create your next masterpiece and easily transfer the design wirelessly to the cutter. Get more designs and projects by subscribing to the mySewnet SILVER version. (Not required for machine use.)

WiFi connection

Send patterns and designs from the computer to the machine without the need of extra cords.

Adjustable LED light

Set the lighting as bright or weak as you like – whatever works best for your space.
